

WILSON ORDERS COURT ACTION IN ARCHIBALD CASE

Agents of the Department of Justice Will Meet Correspondent on Pier.

HE MAY GO TO PRISON.

Question May Turn on Whether He Knew Contents of Dumba's Letter.

WASHINGTON, Sept. 12.—Acting under instructions from the White House, agents of the Department of Justice will meet James F. J. Archibald, the American correspondent involved in the case of Dr. Dumba, the Austrian Ambassador, when he lands at New York on the steamer Rotterdam from Holland.

All officials here are maintaining strictest silence regarding Archibald's case, but it became known today that United States Attorney Marshall at New York has been instructed by the Department of Justice, which takes the view that there is ground for considering whether Archibald violated a Federal law. The question of whether he actually knew the contents of the papers he carried probably will be the deciding factor in what action the Government ultimately takes toward him.

The statute on which the Government is proceeding fixes a fine of not more than \$2,000 and imprisonment of not more than three years for its violation.

There was no indication today of any further move by the Government in the case of Capt. Frank von Papen, Military Attaché of the German Embassy, for whom Archibald also carried a letter, and who was mentioned in Dr. Dumba's report as being connected with the strike plans.

At the German Embassy it was said no intimation has been received from the State Department that Capt. von Papen was persona non grata, but that the Embassy, of course, would accede to any request the United States might make in his case. All that was asked was a safe conduct for the captain back to Germany.

If the United States decided that Capt. von Papen's connection with the Dumba case made his presence in this country undesirable it would only be necessary, according to diplomatic procedure, to indicate that view to Ambassador Bernstorff, his chief, and communications between Washington and Berlin would be unnecessary.

JOHN WANAMAKER ILL AT ATLANTIC CITY

Philadelphia Church Members Concerned at Announcement Explaining Absence

PHILADELPHIA, Sept. 12.—In the morning service at the Bethany Presbyterian Church yesterday it was announced that John Wanamaker was ill and could not be present.

No confirmation of this could be obtained at the Wanamaker home here. Servants were able to say only that Mr. Wanamaker, who celebrated his seventy-eighth birthday a few days ago, had been spending a few days at his cottage in Atlantic City. An effort was made to get something definite about the merchant's condition from several of his business associates, but without avail.

TURKS WEAKENING, LINES VERY THIN, ATHENS REPORTS

Their Position at the Dardanelles Is Declared to Be Precarious.

ATHENS, Sept. 12 (via Paris, Sept. 13).—An American citizen has received advice from Constantinople to the effect that the situation of the Turkish army and Government is unfavorable. According to this information, the position of the Turkish forces defending the Dardanelles is precarious. It is said the Turkish front, thinned by the heavy losses which the fighting has entailed on both sides, is finding it increasingly difficult to hold the lines against the French and British.

It is stated that American women who attempted to go with the refugees to look out for Armenian children were turned back, and that a number of young Armenian girls who were students at the American College at Constantinople fell into the hands of the Turks.

The American's informant states that the agreement said to have been reached between Turkey and Bulgaria has not effected a definite settlement of relations, but that, to the contrary, the Turks are hastily erecting defenses against the Bulgarians.

LONDON, Sept. 13.—Conditions in Constantinople are described as chaotic by Reuters correspondent at Athens. The correspondent telegraphs:

"The inhabitants of Constantinople are suffering greater hardships than is necessary, because the Committee of National Defense, run by Enver Pasha, Minister of War, and Talaat Bey, Minister of the Interior, has cornered all commodities and is selling them at high prices."

"The resignation from the Cabinet of the Sheikh Ul Islam, representative of the Sultan in religious affairs, is confirmed. He disapproved of the extermination of the Christian elements, against which he protested to the Cabinet. The Greek-Armenian patriarch has been deprived of all powers. 'The Black Sea end of the Bosphorus has been closed by a chain of wire netting and by mines.'"

HELD AS FIREBUG, WOMAN SCREAMS: "I DIDN'T DO IT"

Mrs. Merrill of Hasbrouck Heights Accused of Setting Home on Fire Seven Times.

Mrs. Marion C. Merrill of Hasbrouck Heights, N. J., arrested on a charge of setting seven fires in her home, is in a hysterical condition, so serious she has had to have medical attention and it may be several days before she can appear in court for arraignment.

"I didn't do it, I didn't do it," Mrs. Merrill screamed repeatedly, after she was locked up yesterday in the Hackensack Jail. Her lawyer, James De Turk, says he will provide her \$4,000 bail today.

Mrs. Merrill is the wife of "Jack" Merrill, formerly of Montclair, a promoter of oil and mining ventures, who left that city about two years ago. Mrs. Merrill is about twenty years younger than her husband and is said to have been an actress at one time.

Mrs. Merrill was living with her two children at No. 112 Burton avenue, Hasbrouck Heights, in a house owned by Joseph H. Houston.

An alarm of fire was turned in from a corner near the house Saturday evening about thirty minutes after Mrs. Merrill had left. Her two children were then sleeping with friends in New York and there was no one in the house.

Chief Demarest and his men, they say, found a pile of excelsior burning in the cellar. Rushing upstairs they found half a dozen more fires starting in various places in the woodwork. Both the woodwork and some of the furniture, they assert, were soaked with kerosene.

GIRL WHO SCORNE MEN FINDS ONE SHE'LL WED

Miss Flowers, Who Didn't Want "Support and Protection," Will Become Mrs. Mason.

Miss Eleanor Flowers, formerly of Tennessee, whose scorn of men was openly voiced in the Washington Square artistic set of which she was a member, is to marry Dr. Gregory Mason, a writer for musical magazines. Miss Flowers and Mr. Mason obtained a license in Jersey City, Saturday afternoon, but when they learned they would have to wait twenty-four hours for the ceremony, said they might not be married until the last of this week, as Mr. Mason had a business appointment in Massachusetts.

Miss Flowers, twenty-four years old, vowed some time ago that she would never go back to her Tennessee home to live, because she considered Southern men too polite and chivalrous. "I do not want to be supported, waited on, protected, safeguarded or sheltered," she said. "I consider myself more than a match for some men I know, physically and every other way. I have always got along without their aid and protection, and I do not need them now."

PANIC ON STREET CARS HELD BY FIGHTING GANGS

People Returning From Coney Island and Terrorized and Conductors Beaten—Two Arrests.

Riotous scenes were enacted in two Brooklyn street cars returning from Coney Island early to-day when rowdies precipitated trouble. In the cars there was a panic among women, while thugs beat the conductors almost senseless. Two arrests were made. In a crowded Franklin Avenue car approaching Williamsburg Bridge the trouble started when a gang began springing over seats, chasing one another and pulling bell ropes and fare straps as they ran. They trampled on women and threatened men who protested against what they were doing. When Charles Frank of No. 288 Tompkins Avenue, the conductor, ordered them to stop they dragged him to the street and several of the men attacked him. Patrolman Scheurbrand of the Clynner Street Station heard the cries and went after the gang, but could only hold Salvatore Palazetto of No. 185 Graham Avenue. Another fight started on a Reitz Avenue car shortly after when a woman accused one of the rowdies running through the aisle of repeatedly pushing against her. Several men took her part, but the gangsters started a general fight and two of them badly beat Conductor William Smith of No. 387 Morris Avenue, Brooklyn. Patrolman McGovern was at Broadway and Gerry Street, a short distance away, when the car stopped, and he was after the gang. They ran at sight of him, but he caught Humbert Fawc of No. 44 Twentieth Street, Brooklyn, and arrested him on a charge of assault. Dr. Burnstein was called from Williamsburg Hospital and treated the conductor.

CHICAGO, Sept. 13.—Capt. von Papen of the German Embassy, who is said to be under investigation by the United States Department of Justice as the result of disclosures of pro-German activities in the United States, is on his way to Yellowstone Park.

He and Prince Hatzfeldt, also of the Embassy, spent a number of pleasant hours in Chicago yesterday and then started westward.

The Secretary of the Embassy stopped at the Blackstone. After luncheon he and the Military Attaché went to Lincoln Park, to Jackson Park and over the boulevards. Von Papen also was an interested spectator on the lake front when Commodore Pugh's motor boat broke the world's record at sixty miles an hour.

The visitors left the city in the evening, permitting it to be known that they were seeing America on vacation and having the time of their lives.

100 ON BLAZING BOAT ARE RACED ASHORE

Hudson River Steamer Takes Fire on Trip, but Passengers Are Safely Landed—Vessel Beached.

ALBANY, Sept. 13.—One hundred passengers were on board the excursion steamer M. H. Hill when it caught fire while returning to Albany early to-day after an all-day outing down the Hudson. The flames were quelled by Capt. M. H. Hill and his crew.

Capt. Hill, who owns the vessel, discovered a blaze in the engine room. He told the passengers there was no danger, ordered them into the bow of the vessel and raced for shore. He succeeded in reaching Albany pier, landed his passengers, and then beached the vessel on the other side of the river. The boat burned to the water's edge.

JEKYLL AND HYDE BOY MAY BE SAVED BY OPERATION

10-Year-Old Henry Samara Has Extraordinary Dual Personality, Doctor Says.

HE GOES TO ELMIRA.

Youngster Set Fire to School and Prison in Moment of Criminal Tendency.

A clear case of dual personality, like that related to Robert Louis Stevenson's "Dr. Jekyll and Mr. Hyde," came up before Judge Malone in General Sessions to-day, when Henry Samara, sixteen years old, of No. 288 Washington Avenue, was arraigned for sentence.

Samara is the youth who, while a prisoner in the House of Refuge on Randall's Island, on the night of April 6, set fire to that institution and imperiled the lives of hundreds of boys imprisoned there. He had been sent to the House of Refuge for setting fire to a Public School. When indicted for arson his mental condition was such that the Judges of General Sessions refused to place him on trial until alienists had passed upon his sanity.

Four alienists, after months of study, reported to Judge Malone that while the youth was peculiar, he was not of unsound mind and knew the difference between right and wrong. Upon the receipt of these reports Judge Malone accepted a plea of guilty from Samara. That was more than a month ago.

Since then the alienists have been observing the youth. Every word he uttered, every act he committed and every movement made were reported to the doctors by the keepers in the Tombs. Dr. Gregory, chief of the psychopathic ward in Bellevue Hospital, who, at the request of Judge Malone made a special study of Samara, reported that the youth had a dual personality.

"He is not of unsound mind," Dr. Gregory reported to Judge Malone, "but his normal sense has never been developed. He is thoroughly bad, but of sufficient cunning to hide his evil qualities and pretend to be good."

"His past life demonstrates, by reason of this dual personality, that he is a source of danger to the peace and safety of the community."

The medical history of Samara shows that he suffered from a depressed fracture of the skull sustained by a fall when an infant. As he grew older he had spells of badness followed by spells of good intent. When in an evil mood, he committed all sorts of crimes, even going so far as to attempt to kill his stepfather. He displayed the same tendencies, according to the medical reports, as those shown by Jesse Pomeroy, the boy murderer now undergoing life imprisonment in Massachusetts.

In school Samara was bright and industrious. There were times, however, when fits of depression seized him, during which he abandoned his studies, playing truant for days at a time. During these fits many mysterious petty crimes committed in the neighborhood of his home were traced to him. No evidence of repentance or revenge could be discovered as a motive for these crimes.

According to the testimony of relatives of Samara, the boy's evil propensities ran to fires. He was continually building bonfires and setting outbuildings ablaze. It was not, however, until he set fire to the public school that he was punished.

Since his arrest for setting the House of Refuge afire an operation has been performed upon him which Dr. Gregory says he hopes will cure the youth's evil propensities. His skull was trephined and the piece of brain pressing upon the brain removed. Since the operation Samara now thoroughly recovered, has been a changed boy. His conduct has been all that is desired.

"Physicians have told me," Judge Malone said, "that you have not, in a measure, been responsible for the many crimes that you have committed. I hope that the operation performed upon you will enable you to lead a different life in the future."

FALLS FROM HER WINDOW.

Sitting at her window on the first floor of her home, Mrs. Theresa Hurley, forty-four years old, of No. 88 New Chambers Street, lost her balance and fell fifteen feet to the street. She was picked up unconscious by Patrolman Joseph Cahill on the Oak Street station and carried into her apartment.

An ambulance took her to Volunteer Hospital, believed to be suffering from a fractured skull and internal injuries.

BRITAIN MAY TAX LABORERS' WAGES TO PAY WAR BILLS

Parliament Must Devise Plan to Raise Additional \$500,000,000 Yearly.

LONDON, Sept. 12.—When Parliament reconvenes to-morrow its principal concern will be scheme of new taxation to help provide for the expenses of the war.

An attempt to restrict imports is urged by many. The most likely measures in this direction are large additions to the duties on tea, tobacco, wine, sugar and petrol and possibly on duties on luxuries of various character. Other taxes suggested are upon railway tickets, theatres and motion pictures, automobiles and carriages and employers of domestic servants. An increase in charges for letters, telegrams and telephones, all of which are under Government control is a further possibility.

But the greater part of the \$500,000,000 or so which the government hopes to add to its annual income will come, according to the well informed, from the income tax. The minimum of exemption probably will be lowered and plans made for assessing the wages of as many workmen and small business men as earn more than the flat minimum deemed necessary to support existence.

It is estimated the total income of the inhabitants of the British Isles is \$12,500,000,000 a year. Of this, less than \$5,000,000,000 is now assessed for taxation. The new legislation is expected to reach at least \$2,500,000,000 more. For the small workman, it is possible the collection of the tax may be made in weekly installments by means of stamps affixed to a weekly wage card.

POLICE FAIL TO FIND MRS. NICHOLS'S SLAYERS

Secure No Trace of Three Men Accused by Boy in Confession.

Inspector Faurel admitted today that his detectives have made no progress in their search for Arthur Wollaston, "Eddie" and "The Wop," who are accused by Omie Talas, in a confession, of having murdered Mrs. Edwina Nichols in her home at No. 4 East Seventy-third Street last Wednesday night while robbing her of jewelry valued at \$17,200.

Neither have the detectives obtained any trace of the missing jewelry. On this, the fifth day after the murder, they are as far from Wollaston, "Eddie" and "The Wop" as they were two hours after the killing of Mrs. Nichols was reported.

The Nichols murder case was presented to the Grand Jury to-day by District Attorney Perkins. Capt. Jones of the Detective Bureau, who took Omie Talas's confession reciting how the plot was formed and how the thieves were admitted to the home, repeated the confession to the jury. Edith Langford, a maid who was bound by the robbers, and two men who gave the police the first information that a robbery had taken place in the vicinity of the house early in the evening, were also witnesses before the Grand Jury. Indictments are expected to-morrow.
